

Received November 11, 2009

Hello,

My name is Adam and I am a two time Combat Veteran of Operation Iraqi Freedom. The way I heard about this service is by encouraging others to remember our troops while on my facebook profile. I posted your website address as well as the USO's. I was simply trying to encourage others to reach out because both times I went down range there were grateful, wonderful Americans supporting and writing me. Your service is one that instills gratitude and a sense of accomplishment. I was always very fortunate that so many people wanted to write to me, now I'm just doing my duty. As well, having been there, I feel I can connect with soldiers that may be having difficulty dealing with the stress of a deployment. Thank you for this opportunity and your service to our honorable men and women.

Respectfully,

Adam
